Man Reveals How Mona Duped Him, Cautions Kenpong

Mona popularly known as Hajia4Reall has been in the news lately for sleeping with top Black Stars players and other high profile personalities in Ghana. Amanda Acquah, wife of Black Stars and Parma football player Afriyie Acquah accused Mona of these allegations.

A man whose name is only known as Adams has given account of how Mona deceived him. He narrated how he met Mona and was tricked by the lady. He shared this sad story with Pulse.com.gh and cautioned business mogul Kennedy 'Cappuccino' Agyapong to be careful with his girlfriend Mona.

Hey bro I saw you just posted a picture of Mona in your profile. Well I am not the usual type that comments on stuffs like that but just wanna let you know it's never love. I was the first victim of Mona. I guess you know the story if we're following my facebook in 2011. I was introduced to her by a friend and finally we got engaged. I paid for her school and brought her to the U.S. Her first time of coming to the U.S. and when she came over here, I bought her a Range Rover, you can still see that on my page. I spent a total of \$100,000 dollars on this girl expenses. But then what happened, she didn't even spend 6 months in my house. She left and start sleeping with taxi drivers with the help of Sirina Issah. So she is nothing but an international Prostitute.

My story is silent because I ain't one of the guys who will like her downfall but before I brought her here for the first time, she didn't have no high school certificate so she took about \$5000 dollars to do a fake one and that was what she sent to the embassy.

What I went through with this girl, if I were to make it known on facebook, her life would have been over. I still have all the fake high school certificate she did in order for me to enrol her in to a school here. She was nothing.

You know I was born in tamale and I left Ghana when I was very young. Made a lot of money here in the USA and I wanted to get marry because of pressure I was getting from back home

So a homie in tamale named Abdul basit Tuba Dagomba introduced her to me It was back in 2010. I was taking care of her, her schooling until 2011. When she decided that she want to join me here in the USA. So as usual, our families got together for engagement ceremonies and I started her school procedures her.

Immediately she got here, she said she wanted to stay in Chicago so I went to Chicago met Sirina Issa Rented an apartment there for her I didn't wanna quite my job in New York. So I was with her and Chicago and very monday I had to fly in to New York. That serious thing u got for her

Then when ever I leave for New York she would go and be staying with taxi driver and smoke weed (that's not a problem to smoke weed). Then sometimes she brings men in my house whiles I was in New York, they will smoke and sleep in my house. I didn't believe it until when I bought a Range Rover for her and later they decided to send the car to exchange for cash and the car company called me.

I rush over to Chicago to talk to her and she got mad and moved out of my house to stay with Sirina Isaah. That was the end of the story, I tried many times to talk to her, and she wouldn't return. Sirina Issah took advantage of my love vulnerability to steal a lot of money from me with the promise that they gonna let her come back to me. In the end she got involve with a nurse guy in Chicago because I refused to give her weekly pay

I have more money, more opportunities now than when I met her and after all that I have been through I will never even attempt to fall in love with her. As a matter of fact I have more beautiful women then her now. I have move on. I wouldn't be surprised if she is pulling the same tricks with this Kenpong guy with fake engagement. She is a serial Prostitute. I brought her to limelight. When her father was arrested in Tamale for rape charges, I was the one sending her money for court and legal fees. Like I said, the money I spend on this girl? Could have fed million homeless. After 3 or 5 months she left, she came to me in New York and was crying that it was Sirina who deceived her and she really wants me back. Is bad when our Dagomba sisters putting themselves in this work.. so shameful

I didn't want to but I thought after all I cannot let her surfer because I brought her to the USA. So I took her back in my place in New York and one day she told me she was going to Chicago to bring her stuff from Sirina and she needed some money. So I gave her the money and not knowing that she went and was staying with another guy. I called Sirina Issa house and they told me she never came there. Then I just called her and I told her I never wanna see again. If I ever lay eyes on her, I would let my boys put her down. And from there she just disappear

So I have a first class ticket to her world of deception. In fact it's all started from my side

She is just a girl born with a dangerous personality. She ruin me and some of my family and up to now there is still bad blood between me and my family. Also in regards to the certificate, she said she knows someone charging \$5000 from WAEC so I gave her money to do that ex-husband who is a chief operating officer of a multibillion dollar company in New York.

My man to man advice for the new victim is this: He should constantly monitor his bank account because mona is a fraud and a serial criminal. Her whole being is made of dangerous particles. Also kenpong or whatever his name is should watch out because the little "pee-pee" around him are the one doing his bedroom job.
